

[APPENDIX 31]

NOTICES TO PROSPECTIVE
APPLICANTS FOR POWER

509

MEMORANDUM FOR THE PRESS

The Department of the Interior to-day sent out notices to all prospective purchasers of power to be generated at Boulder Dam that their applications for such power must be filed with the Department in Washington not later than October 1. The parties concerned are principally municipalities in the lower Colorado Basin, including the States of Arizona, California, and Nevada. The notice was as follows:

"Notice is hereby given that all prospective purchasers of power to be generated at the proposed dam on the Colorado River, the construction of which is authorized by the Boulder Canyon project act of December 21, 1928 (48 Stat. 1057), should file applications therefor with the Secretary of the Interior, Washington, D. C., not later than October 1, 1929. Applications should state the quantity of power desired and should contain a general statement concerning the purposes and place of use of the power covered by the application, with such other information as may be considered necessary. The early submission of applications is desirable in order that a decision may be reached concerning the allotment of the power to be made available by this development."

September 10, 1929.
